About Us

Medina Nursing Services LLC is locally owned and operated and has served the greater Cincinnati area since 2009. We have been committed to providing nursing care for our communities' most vulnerable populations. Nursing care is provided in concert with evidence-based nursing practice. MNS serves all ages, faiths, ethnic backgrounds, disabilities, and genders.

Medina Nursing Services LLC strives to help individuals and families achieve the best possible health outcomes through developing patient-centered plans of care. Culturally competent nursing care is essential as the demographics in U.S. communities change, so we are invested in using the tools and strategies needed to meet the healthcare demands of our changing society.

At **MNS LLC**, nurses use innovative ideas separate from the hospital and other clinical settings and are confident that the talents we possess can be given to community-centered undertakings.
